NOTE: A comparison of the Over Target and the Planned Formation Chart whether in 398th Records (PDF 0544) or Captain Arlin's Chart from his diary show a major difference from the Over Target Formation Chart from 398th Records (PDF 0609). The difference is the elimination of the High Group under Latson in A/C 2469-Q. It appears that perhaps the High Group was just cancelled and Latson flew as Weather Ship instead.

Lead Group X A/C 2508-J Slavin returned early (PDF 0608)
